1. Ruggedized camera and optics.
2. Custom-designed articulation collars for smooth function.
3. Laser welded joints for strength.
4. Durable multi-layer construction with Tungsten braid outer layer and stainless steel monocoil inner layer.

easy to use

Easy Operator Controls

Simple, user-friendly controls, and on-screen menus, make operation easy. Smooth, precise, 4-way articulation is a hallmark of the V2's two, independent, articulation controls.

Fast, Intuitive Capture of Video and Stills

Photo and Video capture buttons quickly record any inspection you want to document. Images can also easily be annotated, sorted, stored, and transferred to computer via SD Memory Card.

Simple Navigation with On-Screen Menus

Intuitive, easy to understand on-screen menus make operation simple. 26 available languages, 2X digital zoom quickly magnifies the subject, mirror feature corrects image inversion of the prism tip, and much more!
