## Your Eye Inside™ Newsletter Hawkeye® Precision Borescopes

### Product Spotlight

#### **2.8mm Videoscope. Say goodbye to fiberscopes**

The 2.8mm Q2 Video Borescope offers 10x the resolution of the similar fiberscope. End users can now inspect their small parts while benefiting from a full screen hi-resolution image and 4-ways of joystick articulation. The Hawkeye® Q2 is perfect for engine and casting inspections as well as automotive and aerospace parts.

#### **Quality and Durability at a low price.**

Our Hawkeye Precision Rigid Borescopes continue to be our most popular product. The superb image quality, great value and durability make it a popular choice amongst our metal machining customers. Customers can use the borescope by eye or with a video system that will allow users to view the image on a screen and capture images and videos.

---

## Video Spotlight

Customers inspecting Aircraft Engines typically choose our high end V3 Video Borescope. The HD Image, Quality Construction, Servo-Articulation and Intuitive File Management make it the most suitable for precision aircraft engine inspections.

The WiFi streaming feature is great for training purposes, or live streaming an AMP's engine inspection from the shop floor while they are up on wing.
